

**Barony of the Seven Sleeping Dragons  
Principality of Westmarch  
Kingdom of Dragonspine**

**2008 Audit - February through July**

This audit package marks the first reign after Seven Sleeping Dragon's promotion to Barony status. I have had the honor and pleasure of being Monarch during this time. Thanks largely to a great Monarchy (Regent Leah, PM Griffin Koford, Champion MaA Ailliath, and GMR Lady Faye), this was a smooth and painless reign.

Seven Sleeping Dragons was proud to provide and serve a meal during Darkshore, California's premiere event. We also held three separate demonstrations: one at San Luis Obispo High School for the LAN party club, a booth at Cal Poly Open House, and a demonstration at PolyCon (a local yearly gaming convention). We had a good turnout from all corners of Westmarch for our June Quest.

Prime Minister Griffon Koford finally dragged SSD into the mid 1990's by designing and hosting a slice of webspace for SSD ([www.sloamtgard.com](http://www.sloamtgard.com))

Regent Leah and Skyler jumped through many hoops with Cal Poly to secure us funding, with which we purchased materials for a weapon making day and for a garb making day. We are waiting for the bulk of our populace to return from summer vacation before we put their noses to the crafting stone.

All-in-all, it was a great reign, and we're all looking forward to the next one.

Baron Deimos  
Monarch of Seven Sleeping Dragons
